On my first day at university, something terrible happened. I was on an Information Technology course and my first class started at nine o'clock. I woke up very late and I had no time for breakfast, so I bought an orange juice from the university cafeteria. I ran into the room and everyone was at a computer. They all looked at me and I went to sit behind a computer, but I still had my orange juice. The teacher said, 'You can't drink that in here.' But as I walked across the room I tripped, and the orange juice went all over a classmate and his computer. Luckily, the computer was OK, and the classmate, Charles, saw the funny side of it. In fact, we're good friends now. Still, it wasn't a good start.

Hi Alan,

Just a quick postcard from Powerfun Adventure Camp. It's my last day today and I have had so much fun here. On the first day, I woke up at five in the morning and went sailing all day. We were really lucky because the weather was perfect. The next day we went hiking in the mountains. I was in this forest with a friend called John and we got lost. We didn't have a compass and it was a nightmare. Luckily, we found our way back to camp before it got dark. I haven't done many water sports but I went bungee-jumping. That was amazing! Today, we're going to try hang-gliding. I'm a bit scared but I think it's going to be brilliant. One week isn't enough, I can tell you. I want to stay another.

See you soon,
